HOW OUR CONSIGNMENT WORKS

Marbella Resale determines the selling price of each item on a case-by-case basis. Pricing decisions are based on the item's brand, style, condition, original retail value, and market demand. If you have a price suggestion, please let us know at the time of consignment.

Items are consigned for a 60-day term. If an item is not sold within 60 days, we will contact you using the contact information provided. You will then have 30 days from the date of contact to retrieve your unsold items. If items are not picked up within that 30-day period, they will become the property of Marbella Resale and may be donated, discounted, or otherwise disposed of at our discretion.

The consignor will receive ____% of the final selling price for each item sold. Payouts will only be issued for items that have been sold. No payment will be made for items that remain unsold.

If an item is verified with Entrupy to be inauthentic, the consignor will be responsible for a \$30 fee to cover the cost of verification.

Payouts will be made on the first and third Friday of each month. You may inquire in-store, by phone, or via email regarding your account balance and payout status.

Items must be in excellent condition — clean, odor-free, and free of stains, damage, or excessive wear. Items not meeting these standards may be declined, donated, or discarded at our discretion.

All consigned merchandise is left at your own risk. Marbella Resale will take all reasonable and necessary measures to maintain a safe and secure environment; however, we are not responsible for loss, theft, fire, or accidental damage.

By signing this agreement and leaving items with Marbella Resale, you acknowledge and agree to all terms stated herein.
